Juris Doctor
Loyola University of Chicago School of Law, 1990
B. A., Business Economics

Rhona K. DiCamillo is a principal with DKMG Consulting LLC, a firm formed to provide a full range of financial consulting services to airports. Previously, Ms. DiCamillo was the Deputy Commissioner of Aviation for the City of Chicago with responsibilities for airline affairs and properties for the Chicago Airport System. In 2002, Ms. DiCamillo formed D+G Consulting Group, LLC, an aviation strategic and financial consulting firm that merged with MAC Consulting, LLC in 2014 to form DKMG.

Ms. DiCamillo has successfully represented many airport clients with airline negotiations, rates and charges issues, plans of finance, feasibility studies, bond issuances, rating agency presentations, gate usage procedures, development of consolidated rental car facilities, and negotiation of rental car agreements. Ms. DiCamillo has been the project manager on assignments such as airline negotiations at Cincinnati, Dallas Ft. Worth, Glacier Park (MO), Indianapolis, and Jacksonville; consolidated rental car facility negotiations at Chicago O'Hare and Memphis; fueling agreement negotiations at Dallas Ft. Worth; and a TIFIA loan at Chicago O'Hare. Ms. DiCamillo has participated as financial advisor, in the issuance of over \$8.5 billion of airport bonds since 2009, including GARBs, PFC bonds, LOI supported bonds, and CFC bonds. Ms. DiCamillo is a registered municipal advisor and has performed financial advisory services for Chicago, Detroit, Memphis, and the Port Authority of New York and New Jersey.

While with the City of Chicago, Ms. DiCamillo managed a staff of 18, and supervised the selection and management of various aviation and real estate consultants. She was responsible for all bond financings and all airline relations and negotiated and implemented numerous airport/airline agreements, including the Midway Use Agreement and the O'Hare Use Agreement. She successfully completed various property transactions at O'Hare, including the acquisition of an existing military site and the development of 50 acres of collateral land at the airport.
